

Disclaimer

The preparation of this report was sponsored by the Idaho Department of Health, Division of Health, Bureau of Clinical and Preventive Services and conducted by Health Systems Research, Inc. (HSR) under the auspices of a contract with the Idaho Department of Health. The report is based upon data provided to HSR by an array of governmental and non-governmental programs in Idaho as well as national data obtained by HSR. HSR is responsible for the report text and the conclusions expressed. The contents should not be interpreted as necessarily representing the official views or policy of the Idaho Department of Health, or the Idaho Government.

Table of Contents
